ACTION TAKEN REPORT ON CURRICULUM ACADEMIC YEAR 2023-24

Suggestions received on curriculum through feedback from Students, Teachers, Alumni and Employers are immediately communicated to members of various boards of studies and committees. As the institute is an affiliated college, the syllabus prepared by the university must be followed. But since many of our teachers are actively involved in the curriculum restructuring process, the suggestions received through feedback are effectively implemented.

ANALYSIS REPORT OF ALUMNI FEEDBACK ON CURRICULUM

ACADEMIC YEAR: 2023-24

Introduction:

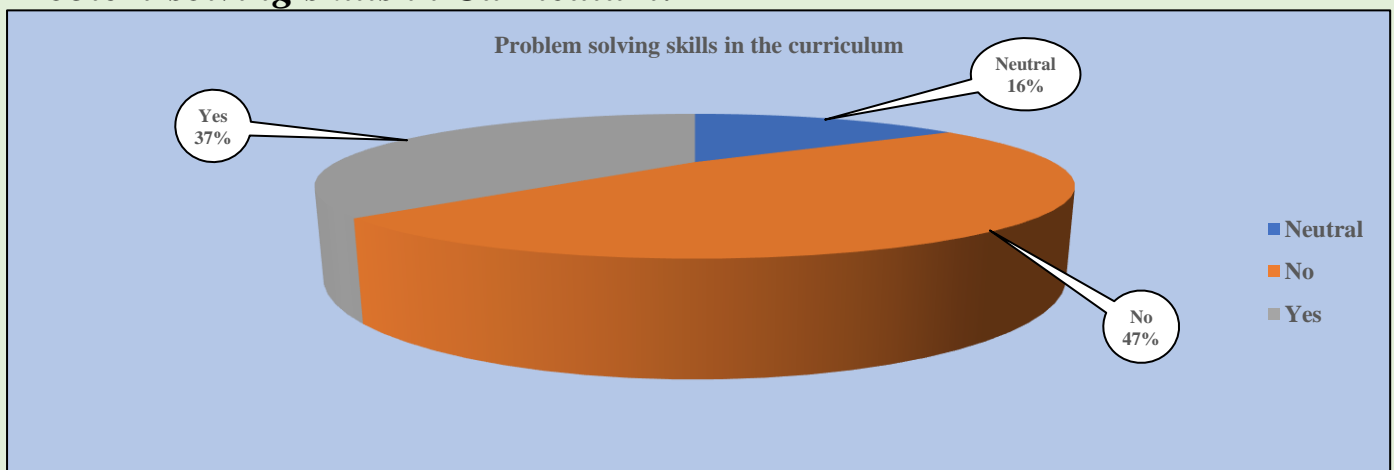

Feedback plays an important role in improving the curriculum as well as in the development of the educational institution. We are personally collecting feedback from our Alumni. We have designed a special feedback form on the curriculum. We are collecting feedback from Alumni on Course Content and Curriculum. It is the tradition of the college to involve alumni in its activities. We believe that alumni feedback is an important source of information for the betterment and development of the institution.

Curriculum Structure:

According to the above pie chart, 79 % of Ex-students mentioned that the syllabus is well designed and 11% of students think that the curriculum may be probably good. 10 % do not agree that the curriculum is well designed.

Problem-solving skills in Curriculum:

As shown in the above pie chart, 37% of alumni said that the curriculum had problem-solving skills. 47% of alumni disagree in this regard.

Fulfillment of expectations in the curriculum:

According to alumni opinion, 79% agree that the curriculum fulfills expectations and 21% of alumni neutral about the above statement.

Employment focus:

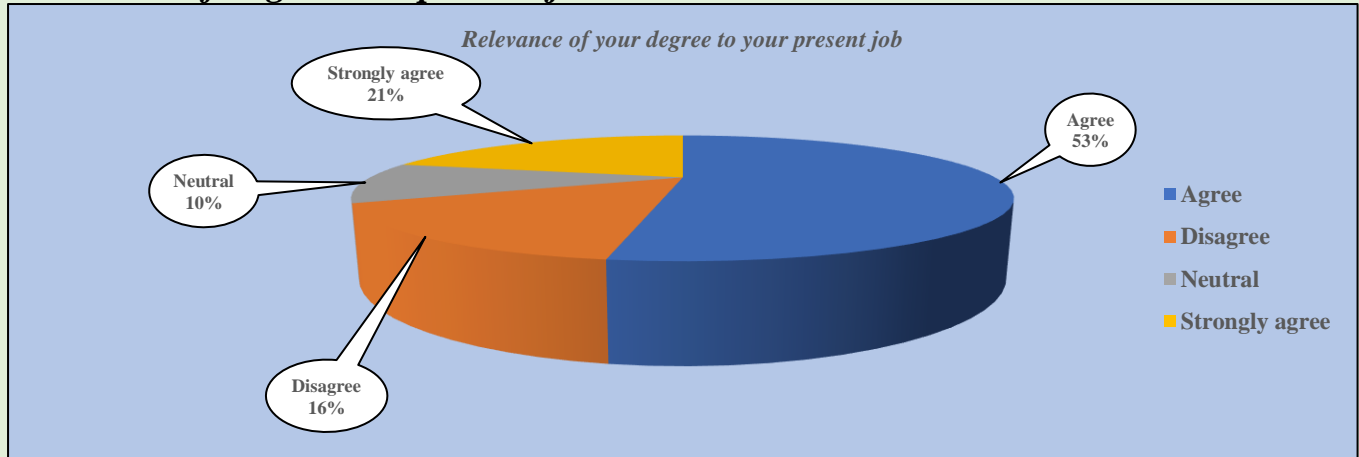

Alumni feedback presented by Pie Chart shows that the syllabus is focused on employability. 68% of students agree that the syllabus is focused on employability. The above chart shows that 16% of students do not agree with the above statement. 16% of alumni neutral about the above statement.

Innovativeness and Opportunities:

According to the above pie chart, 11 %of the alumni strongly agree that the syllabus had innovativeness and opportunities for creative thinking. 79 % of students agree that the syllabus had innovativeness and opportunities for creative thinking. The above chart shows that 5% of students do not agree with the above statement. 5% of alumni neutral about the above statement.

Relevance of degree and present job:

The above chart shows that 53 % of the alumni agree that the syllabus is relevant to the present job. The above chart shows that 21% of alumni Strongly agree with the above statement. 16 % of alumni disagree with the above statement.

Helps in Research and post-graduation:

As per the above pie chart, 68%of the alumni said that the syllabus is useful for post-graduation/ research in a particular subject. 11 % of alumni do not decide. The above chart shows that 21% of students do not agree with the above statement.

Curriculum in written and oral communication abilities:

As shown in the above pie chart, 16 % of students believe that Curriculum in written and oral communication abilities is excellent, 53 % of students believe that Curriculum in written and oral communication abilities is very good, 26 % of students believe that Curriculum in written and oral communication abilities is good.

Project work/Internship:

The above chart shows that most of the students agree with the statement that **'The Project work/internship offered under your syllabus was challenging and constructive.'** 85 % of the students agree that the Project work/internship offered under your syllabus was challenging and constructive. 10 % of students are neutral on the statement that the syllabus represents values of nationality.

Books related to the syllabus are available in the library

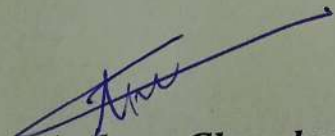

Sufficient number of prescribed books related to the syllabus are available in the Library

The above chart shows that most of the students agree with the above statement. 37% of the students agree that the sufficient number of prescribed books related to the syllabus are available in the library. 26 % of students are neutral on the statement that the sufficient number of prescribed books related to the syllabus are available in the library.

Suggestions for Improving the Syllabus:

- 1) Market knowledge should be acquired.
- 2) More Practical, assignments and activities to be added.
- 3) Syllabus will be improved the ability to work.
- 4) Job Oriented Syllabus needs to be included.

ANALYSIS REPORT OF STUDENTS FEEDBACK ON THE CURRICULUM ACADEMIC YEAR 2023-24 (SEM- I/III/IV)

Introduction:

Feedback plays an important role in improving the curriculum as well as in the development of the educational institution. The College collects online feedback on various curriculum aspects and courses from different stakeholders such as Students, Alumni, Faculty and Employers. The feedback collected from the individuals has been analyzed and taken into consideration for the development of the curriculum.

Student Feedback:

The students are the most important stakeholders in Higher Education systems. We have collected semester-wise online feedback from our undergraduate and postgraduate students. We have received students' online feedback on the syllabus of the various programs designed by the University of Mumbai, Mumbai.

Faculty / Stream:

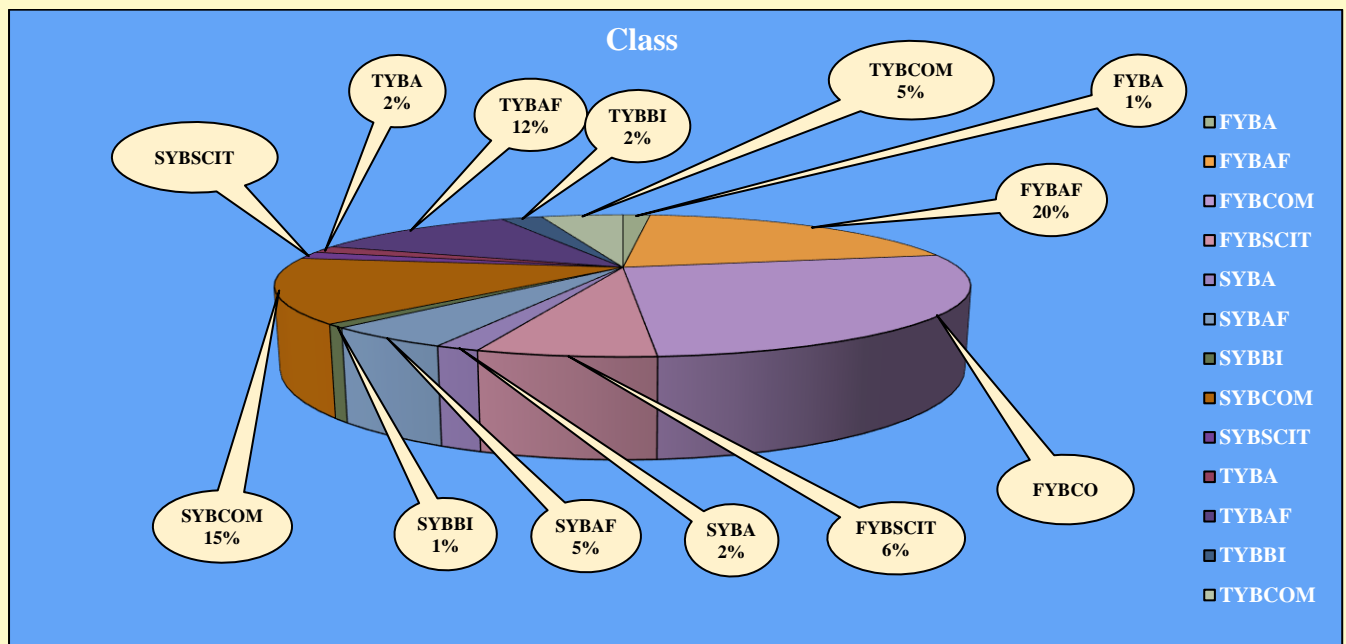

This academic year, students from Arts, Commerce and Science participated in the online feedback process conducted by the college.

According to the above pie chart, 3% of the students in the arts branch gave their feedback on the course. 89% of commerce students gave feedback on their courses. 8% of science students registered their participation.

Class:

Students of the first year, second year, and third year undergraduate classes of Arts, Commerce and Science Faculty submitted their feedback related to the curriculum. The following chart shows the feedback status of all the classes.

Soft Skills, Life Skills and Employability Skills:

The above chart shows that most of the students agree with the statement that **'The course includes soft skills, life skills and employability skills that you need to work in various fields.'** 92 % of the students agree that the curriculum includes soft skills, life skills and employability skills that you need to work in various fields.

The above chart shows that 3 % of students do not agree with the above statement. 5% of students are neutral on the statement that the syllabus includes soft skills, life skills and employability skills that you need to work in various fields.

Curriculum of Cognitive, Social and Emotional Growth:

As shown in the above pie chart, 29 % of students believe that the Curriculum is excellent and facilitates cognitive, social, and emotional growth, 5% of students believe that the Curriculum is perfect and fosters mental, social, and emotional growth, 59 % of students believe that Curriculum is good and facilitates them in cognitive, social and emotional growth. 3 % of students do not agree with the above statement.

Curriculum Satisfies the Industry Requirement:

Students have expressed the opinion that the curriculum meets the needs of the industry while evaluating the above questions asked to the students participating in the Student Feedback. 81 % of the students agree that the curriculum meets the industry's needs. The above chart shows that 6% of students do not agree with the above statement and 13% of students could not decide whether this curriculum meets industry needs.

Personality Development:

Student feedback presented by Pie Chart shows that the syllabus is useful for personality development. 92 % of students agree that the syllabus is suitable for personality development. The above chart shows that 3% of students do not agree with the above statement and 5% of students could not decide whether this syllabus is suitable for personality development.

Balance Between Theoretical and Practical Knowledge:

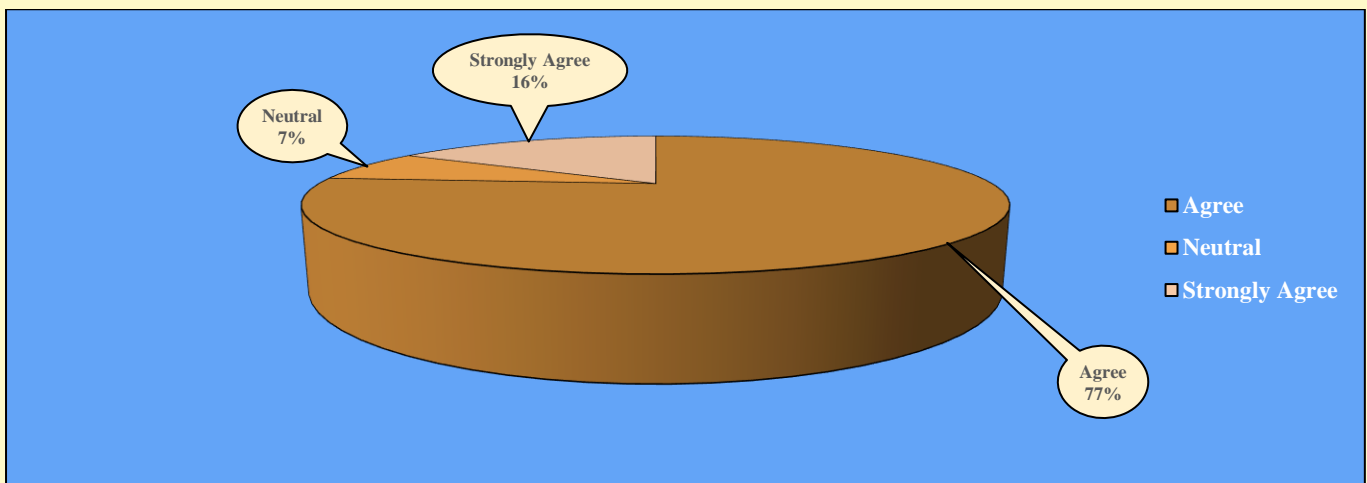

The above Pie Chart shows that the syllabus has the right balance between theoretical and practical knowledge. 90% of students agree that the syllabus has the right balance between theoretical and practical knowledge. The above chart shows that 1 % of students do not agree with the above statement and 9% of students could not decide whether this syllabus has the right balance between theoretical and practical knowledge.

Curriculum Satisfies the Industry Requirement:

Students have expressed the opinion that the curriculum meets the needs of the industry while evaluating the above questions asked to the students participating in the Student Feedback. 81 % of the students agree that the curriculum meets the industry’s needs. The above chart shows that 6% of students do not agree with the above statement and 13% of students could not decide whether this curriculum meets industry needs.

Syllabus Represent Values of Nationality:

*The above chart shows that most of the students agree with the statement that ‘**The curriculum represents the values of nationality.**’ 93% of the students agree that the curriculum represents the values of nationality. 7 % of students are neutral on the statement that the syllabus represents values of nationality.*

Curriculum Interesting and Easy to Understand:

The student is an important stakeholder in the education system. Therefore, the curriculum must be interesting and easy for students to understand. In this context, 83 % of the students said that the course is interesting and easy to understand. 6% of students disagreed and 11% of students could not express their views in this regard.

Curriculum Includes Human Values and Ethics:

Education is not just a tool for the degree, it is a tool for inculcating human values and ethics in the minds of students. Regarding the above question, 79% of the students said that the curriculum includes human values and ethics. 5% of students do not agree with the above opinion. 16% of students were confused about whether the curriculum should include human values and ethics.

Availability of Library Material Related to Curriculum:

The library is the main source of knowledge for college students. In this view, the library has a fair number of books related to the curriculum. In this regard, 37% of the students said that the availability of textbooks and reference books related to the curriculum in the library is excellent. 22% of the students mentioned that the availability of textbooks and reference books related to the curriculum in the library was very good and 33% of the students mentioned that it was good. Overall, 92% of the students expressed their opinion that there is sufficient availability of textbooks and reference books in the library.

Course Employability:

Although students gain knowledge through education, the main purpose of their education is to gain employment by learning. In this regard, the curriculum needs to be employable in the modern age. In that sense, 75% of students think the syllabus is employable. 6% of students feel that the course is not employable. 19% of students mentioned that the syllabus is probably employable.

Course Is Useful in Terms of Further Higher Education:

As shown in the above chart, 94% of the students mentioned that the course is useful for further higher education. According to 4% of students, the curriculum may be useful for further higher education. 2% of students do not agree with the above statement.

Curriculum Helps to Improve Personal Skills:

As shown in the above pie chart, 91% of students believe that the course helps to improve their skills. 7% of students remained neutral on this question. 2 % of students do not agree with the above statement.

Course Study Experience:

Students go through the learning experience every year. When students were asked about the overall experience of this year's study, 23% of the students mentioned that the study experience of the course was excellent. 18% of the students mentioned that the study experience was very good while 54% of the students said that the study experience of the course was good.

Quality Improvement of the Teaching - Learning Process:

As shown in the above pie chart, 74% of students believe that the curriculum has provision to engage students in the monitoring, review and continuous quality improvement of the teaching - learning process. 15% of students remained neutral on this question. 11% of students do not agree with the above statement.

Suggestions for Improving the Syllabus:

- 1) Keep the syllabus flexible.
- 2) Syllabus are too good not an issue.
- 3) Some subjects wording is difficult to understand & uneasy to remember the portion.
- 4) Improve the number of practical subjects.
- 5) I think it should be easy and good to improve the study.
- 6) Practical knowledge is the most important.
- 7) Yes, the syllabus is very nice.
- 8) State the general learning goals and Objectives.
- 9) It is needed for employment opportunities. The actual work is much different from the syllabus.

Student's Satisfaction Survey

Academic Year
2023-2024

IQAC Meeting Minutes

The meeting

**ANALYSIS REPORT OF STUDENTS SATISFACTION SURVEY ON
TEACHING-LEARNING AND EVALUATION
ACADEMIC YEAR 2023-24**

Introduction:

The overall development of the students is a priority for Sonubhau Baswant College of Arts and Commerce, located at Shahapur, Tal. Shahapur, Dist. Thane (MS). The college offers various extracurricular and co-curricular activities to support students' growth. To encourage excellence from the students, the college hosts a variety of learner-oriented activities, including debate, elocution, sports competitions, study excursions, study tours, and seminars. The college views stakeholder engagement, particularly from students, as crucial to implementing meaningful and successful improvements. Their comments demonstrate the actual Caliber of the teaching-learning process, making it easy to pinpoint both the teaching's advantages and potential shortcomings.

Student Satisfaction Survey:

Student Satisfaction Survey (SSS) that results from evaluating students' experience with the facilities and support they received in the college is very important. It is a legitimate and trustworthy technique to determine the main areas for upcoming advancements. Therefore, it makes it possible to comprehend the resources for regions that need more focus. As an outcome, it is a clear and practical indicator of how well the institution's teaching and learning are working. Students are encouraged to participate actively in SSS by the college.

1) The syllabus was covered in the class:

Students' satisfaction survey presented by Pie Chart shows that the majority of students agree that the 70 to 100% syllabus was covered in the class.
