## TO WHOMSOEVER IT MAY CONCERN

Our college is situated in such a Taluka (area) where the majority of population is from Schedule Tribe. The majority of citizens of our Taluka are Below the Poverty Line (BPL) holders. So they face the different problems such as illiteracy, unawareness about education, health and hygiene, poverty, lack of good public transportation in remote area etc.

The State and the Central Governments are also taking various measures for the upliftment of our tribal citizens on various levels. With the same intention, our college is established in 1984 to help the tribal and other citizens by spreading the higher education to enhance the quality, skills, and excellence among our students to make them good citizens and develop employability skills among them. So our college management (Governing Body) has been helping to the needy and the financially poor/weaker students by providing financial help in our college admission fees so that nobody should be deprived from higher education because of the lack of money. There are two types of financial helps provided to the financially weaker students of our college.

- 1) Admission at 1 Rupee Scheme:** The students who are financially very poor and cannot pay the admission fee of the college, they are given
