**CRITERION I – CURRICULAR ASPECTS**

**1.1 – Curriculum Planning and Implementation**

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The college imparts education in three faculties at the under graduate level and Masters in Arts. The college runs B.A. course. There are five special subjects viz • Marathi, • English, • Hindi, • History • Economics. The Commerce faculty has B.Com. (Bachelor of Commerce) degree with three specializations. • (Plain) B.Com. • B.Com. With Banking and Insurance (B.B.I.) • B.Com. (Accounts and Finance) (B.A.F.) The institution has B.Sc.(I.T.) - Bachelor of Science [Information Technology] in science faculty. There is facility of Masters in the Arts faculty in five subjects. • Marathi • English • Hindi • History • Economics The college follows the syllabi prescribed by University of Mumbai in all the courses. The University of Mumbai introduced CBSGS (Choice Based Semester Grading System) at degree level, which introduced various changes in

revised syllabi as well as in Examination (Credit Pattern System) from the Academic year 2011 - 2012 with 60:40 pattern. University of Mumbai, introduced 75: 25 credit CBCS (Choice Based Credit System) pattern (75 marks for External Examination: 25 marks for internal) from the Academic year 2015 - 2016. The University of Mumbai introduced CBCS (Choice Based Credit System) from Academic year 2016 - 2017, with 100 marks for External Examination. (Only the paper 'Foundation Course' has 75 (External Examination) marks and 25 (internal marks). This change has been introduced to F.Y. from 2016-2017, and for S.Y. from 2017-2018 by the University. The University of Mumbai introduced CBCS (Choice Based Semester Credit System) at Masters Level from Academic year 2011 - 2012. We are habituated to these changes very smoothly because of our disciplined institutional practices. As per our institutional practices, all the members from teaching staff prepare and submit 'Teaching Plans', at the beginning of every academic year. Same teaching plans are followed in the respective classrooms. The teaching plan helps the teacher to plan the curricula delivery in time as well as it helps in participative and Experiential teaching and learning method. The Information and Communication Technology (ICT) plays pivotal role in curricula delivery in our institution. The college in association with concerned departments prepares the academic calendar which consists of curricular, co-curricular and extracurricular activities for effective implementation and delivery of curricula in each academic year. The Departmental meetings play important role in planning the curricula delivery. In the departmental meeting there is discussion about the syllabi, work distribution and assessment work. In Departmental meetings head and colleagues informally discuss about teaching at the end of every term. The Internal Quality Assurance Cell monitors the overall curricula delivery process through the collection of online feedback from students.

Yes through Tutor ward (presently Mentor- Mentee) system The college has since last several years practised a system of mentoring called the Tutor-ward system, whereby a tutor was provided to every ward to look after his/her academic and psychological wellbeing and also monitor class attendance and performance. The same system has now been restructured and named Mentor system. Under the Mentor system, the full-time teachers of the college have been engaged as mentors of each class. Students of each class in the college are having a full-time teacher as their mentor. The classes, where there are huge numbers of students, have been assigned more than one mentor. At the beginning of the academic session, the class-wise names of the mentors are displayed on the college website. The mentors are responsible for academic progress and psychological wellbeing of their mentees. They are also entrusted with the task of monitoring the attendance and academic progress of the students. They also provide primary psychological counselling to those who need them and refer them for more professional counselling, if required. At the beginning of the academic session, the mentors conduct orientation programmes for the mentees, whereby they are acquainted with the institution, its goals and mission, the facilities available and the regulations of the affiliating university. The mentors maintain the biographic details of each individual mentee including educational background and socio-economic status. They also maintain record of their class attendance, class-performance and academic progress. The mentors use both formal and informal means of mentoring. The mentor system, apart from its formal part, also exists as a robust informal mechanism to boost inclusiveness, gender sensitivity and social responsibility of students.
